Autodesk Autocad.Q: Visual Studio 2017 Build Error - The property 'Culture' cannot be found on this collection Hello I am getting this error while uploading to Azure: Build failed. I have used the following NuGet packages and published this to Azur. If anyone has an idea where I am going wrong, I would really appreciate your help. Microsoft.NET.Sdk.Functions Microsoft.NET.Sdk.Razor Microsoft.NET.Sdk.Publish A: The problem was solved by recreating the app service. Move over, World of Warcraft. Because there's a new top dog in the MMORPG race. Here's a more specific question (and a less broad one): Is there any way to get less than perfectly serviceable framerate in the Battleon-Kaelthas and Zul'Gurub raids? I know about the countdown to 80% buff, but I'm looking for something better than that, to indicate that I've got a fight on my hands. If you can't see the framerate counter, try opening the DCUO settings and turning on "Show Framerate Counter." If you still have problems with your framerate, you can check out my method of making the frames more consistent, which will ensure a similar framerate all the time. I'd suggest you try that first.
